

## HCBD Series – Ultra Compact Wide Dynamic Camera

Indoor camera ideal for high-contrast environments

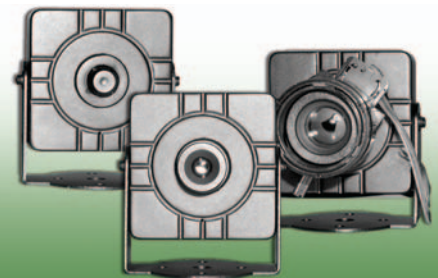

Honeywell introduces the new HCBWD Series—a cost-effective surveillance solution for applications such as ATM machines, lobbies and warehouses. This series of cameras gives customers a wide dynamic solution in a compact package. Its size makes it the ideal choice when space is a constraint, and it's perfect in areas where extreme back-lighting has traditionally made detailed images hard to get.

Offering a high quality picture and precise color video, the HCBWD Series captures all the details in a scene, whether those details are highlighted in blinding sunlight or lurking in the darkest corners. These tiny cameras are lightweight and simple to install, yet they have all the features of more expensive models. The HCBWD is ready to use right out of the box and it's perfect for all applications where details are critical.

### Market Opportunities:

The ideal target markets for the wide dynamic technology of the HCBWD Series include financial, commercial, retail and mobile. Practical applications include:

- Banks
- ATMs
- Lobbies
- Hotels
- Loading docks
- Warehouses

### CUSTOMER BENEFITS

- Captures clear, crisp video—in color
- Superior image quality
- Quick and easy installation
- Mounts easily in ATM machines and lobbies
- Ideal for discreet applications
- Low cost surveillance

### HCBD Series Features:

- Ultra compact size: 1.73" x 1.73" (44 mm x 44 mm)
- Available with 3.0, 3.7, or 4.3 mm semi-pinhole lens or compatible with Quick Change Lenses (Sold Separately):
  - 2.9, 3.6, 6.0, 8.0, or 12 mm fixed lens
  - 2.6-6, 4-9, or 9-22 mm Vari-focal Auto Iris lens
- 1/3" Sony Interline Double Speed CCD
- 64 dB of dynamic range
- High resolution color: 480 TVL
- Low-light sensitivity down to 0.7 lux
- Durable aluminum alloy housing with mounting bracket
- Three-year warranty
