

## HCD484E

### TRUE DAY/NIGHT HIGH RESOLUTION COLOR CAMERA

The Honeywell HCD484E color camera is ideally suited for use in 24/7 surveillance applications. The HCD484E adapts to varying lighting conditions to ensure the highest quality picture even in very low light conditions. When the light level drops too low for accurate video identification in color, the camera automatically moves the IR cut filter out of the optical path. Then switches to black and white video to capture more detail using the increased sensitivity of the CCD to IR light. The camera uses internal logic, external light sensors or RS-485 communication to control the switchover from color to black and white. This improves the reliability of the operation of the camera in difficult installation or lighting conditions.

An on-screen text menu simplifies all setup and adjustment options. Menu navigation is simple and picture adjustments can be made in a matter of seconds with easy-to-use push buttons on the side of the camera.

The HCD484E includes an automatic electronic shutter for changes in light level, and 6 zones of automatic backlight compensation option for viewing backlit scenes. The HCD484E produces 480 TV lines of resolution for applications requiring the highest level of sharpness in video quality as well as providing reliable video quality even in low light conditions down to 0.06 lux.

#### Market Opportunities

The Honeywell HCD484E is designed for high resolution 24/7 surveillance applications including those with infrared illumination. This includes general indoor surveillance applications in retail, financial, and other commercial markets. Combined with the HHC12 environmental housing, the HCD484E can be used as a solution for outdoor applications, such as parking lots, building entranceways, and driveways.

#### Features

- 1/3" color CCD with DSP
- 480 TV lines of resolution
- True Day/Night Low-light performance down to 0.06 lux (F1.2)
- Automatic Electronic Shutter (AES)
- 6 Zone Automatic Backlight Compensation (BLC)
- 12 VDC/24 VAC with line lock, phase adjustable
- DC, Video and Manual Iris lens support
- Phase adjustable line lock
- Improved low light sensitivity using external IR illumination

## SPECIFICATIONS

Operational	
Video Standard	NTSC, PAL
Scanning System	525/60 TVL (NTSC) 625/50 TVL (PAL)
Image Sensor	1/3" Interline Transfer CCD
Number of Pixels (H x V)	768 x 494 (NTSC) 752 x 582 (PAL)
Minimum Illumination	0.5 lux (color), 0.06 lux (B/W) @ F1.2 (50 IRE)
Horizontal Resolution	480 TVL
Video Output	1.0 Vp-p @ 75 Ohms
Sync System	12 VDC: Internal 24 VAC: line lock
S/N Ratio	50 dB typical
Auto Gain Control	Adjustable (0 – 36dB)
ALC	Direct drive Auto Iris lenses
Automatic Electronic Shutter	1/60 – 1/100,000 sec (NTSC) 1/50 – 1/100,000 sec (PAL)
White Balance	AWB/ATW/Manual
BLC	6 Sensing zones
Line Lock Phase Adjustment	Adjustable line lock vertical phase
Gamma	Selectable: 0.45/0.8/1
Day/Night Control	IR Pass/IR Cut, Internal Logic/RS-485, Chroma On/Off
Remote Control	RS-485
Electrical	
Input Voltage	12 VDC/24 VAC
Input Range	10 - 14 VDC, 20 - 28 VAC
Surge Suppression	Internal transformer
Power Consumption	4.5 W (max)
Mechanical	
Dimensions (W x H x D)	2.68" x 2.68" x 5.02" (68 mm x 68 mm x 133 mm)
Weight	1.0 lb (0.45 kg) camera only
Construction	Housing: Aluminum Finish: Cool gray powder coat
Camera Mount	1/4 – 20 UNC (top and bottom)
Lens Mount	C/CS adjustable mounting ring
Connector	Video output: BNC connector Lens: 4-pin connector Power Input: Push terminal with ground
Power Indicator	LED

Ordering	
HCD484E	1/3" CCD High-Resolution True Day/Night Camera with DSP, 480 TVL, 0.06 lux, 12 VDC/24 VAC, RS-485,NTSC
HCD484EX	1/3" CCD High-Resolution True Day/Night Camera with DSP, 480 TVL, 0.06 lux, 12 VDC/24 VAC, RS-485, PAL
HCD485EX	1/3" CCD High-Resolution True Day/Night Camera with DSP, 480 TVL, 0.06 lux, 230 V, RS-485, PAL
