

# HTR4 Mobile Digital Video Recorder

## Reliability...Reliability...Reliability!

The HTR4 Series is the third generation mobile digital video recorder from Honeywell. You can count on it to provide reliable protection of your passengers and drivers utilizing an industrial grade digital recorder with high capacity data storage—up to 750 GB! The HTR4 has 4 video and 4 audio inputs with an enclosure that's tamper-proof and impact-resistant. You can't get more reliable than that!

# HTR4 Mobile Digital Video Recorder

You can count on the HTR4 mobile digital video recorder for super reliability. This DVR offers exceptional picture quality and clear audio on four channels. By providing longer recording time with little or no maintenance in a single compact unit, the HTR4 Series offers the ease and convenience of a leading-edge digital video recorder.

The HTR4 is protected by Honeywell's exclusive patented shock and vibration reduction (SaVR™) technology to prolong the life of your hard drive and protect your data. And if you're new to the digital environment, the HTR4 provides easy-to-use recording options for any type of vehicle that relies on cameras to provide surveillance and security. So you get the benefits of digital technologies without replacing your entire mobile surveillance platform. You can count on the HTR4 for reliable quality, reliable storage and reliable use.

## Customer Benefits:

- Reliable quality – Patented hard drive shock and vibration reduction technology
- Reliable storage – Large capacity hard drive to provide extended recording time
- Reliable use – Configuration wizard to help you get your system up and running quickly

## HTR4 Features:

- Wireless LAN/WAN access
- Embedded OS for reliable, long-term, unattended operation
- Clearer, sharper pictures than a VCR
- Quicker and more convenient clip search
- Seven status inputs

- Remote dash panel with recorder status, remote connection to recorder and Event button
- Intelligent temperature management
- High accuracy clock with automatic Daylight Saving Time adjustment
- Drop-in upgrade for HTRD100, HTR62, SWS210, SWS310 and SWS410 VCR systems

## Honeywell BusView™ Software

- Very easy to navigate and view video
- DVD-like controls
- View four cameras simultaneously
- Click on camera to select its audio channel
- Double click on image to zoom to full size
- Display trigger and GPS information
- View specific information on each camera or recorder
- Search on recorders or archived information
- Save or print images and video

## Remote Dash Panel

- Conveniently located within driver's reach
- Status lights confirm the video system is functioning properly
- Connect laptop or computer directly to the Remote Dash Panel to download and search video recordings with ease
- Event button allows a driver to immediately mark video simply by pushing a button
