## Meet Honeywell's Newest VIP... the HD6 VIP Series.

When you need to secure your greatest assets - whether people, places or things, Honeywell's new HD6 VIP (Video Internet Protocol) dome is who you want to know. With a reputation that's built on the power of Honeywell, this VIP is equipped with TCP/IP digital interface, 25X

True Day/Night with 95mm zoom, and multiple housing and mounting options - making the installation of your VIP as easy as rolling out the red carpet. And featuring seamless integration with Honeywell's Digital Video Manager (DVM) and Fusion digital recorder, the HD6 VIP Series gives you the protection you need from a partner you can trust.

## Honeywell

The HD6 VIP Series is available in indoor pendant/drop ceiling and weather dome configurations. For additional information, please call **1-800-796-CCTV (2288)** or visit [www.honeywellvideo.com](http://www.honeywellvideo.com)
